

WHAT IS CLAIMED IS:

1. A Vector Donor DNA molecule comprising a first DNA segment and a second DNA segment, said first or second DNA segment containing at least one Selectable marker, wherein the first and second segments are separated either by, (i) in a circular Vector Donor, a first and a second recombination site, or (ii) in a linear Vector Donor, at least a first recombination site, wherein each pair of flanking recombination sites are engineered and do not recombine with each other.
